STRATEGIC REPORT FOR THE YEAR ENDED 30 JUNE 2022

The directors present the Strategic Report for AFC Bournemouth Limited (the "Company" or the "Club") for the year ended 30 June 2022.

Business review

The financial statements for the year ended 30 June 2022 cover a year in which the Club were promoted from the English Football League Championship to the Football Association Premier League. The Club finished in second position in the Championship with eighty-eight points. As a result, the Club were promoted to the Premier League for the 2022/23 season.

During the financial year, the Club's focus was to achieve promotion to the Premier League, while ensuring that the business was on a stable financial footing. In tandem with support from the Club's shareholder, a strategy of targeted expenditure on playing squad assets and supporting infrastructure, which management feel they can then add value to, continued to be a key component to the Club's outlook and underpinned the achievement of promotion to the Premier League for the second time in the Club's history.

Player registration cost additions for the year were £22.3m compared with £7.3m in the previous year. Registration cost disposals amounted to £70.8m compared with £36.6m in 2020/2021. The overall net disposals were therefore up on the previous year and resulted in decreased amortisation costs of £29.8m (2021: £35.9m). There was an increase in total staff cost to £61.4m (2021: £57.4m) mostly due to contingent payments resulting from promotion to the Premier League.

Turnover was down by £18.5m to £53.2m (2021: £71.7m). This decrease is mainly attributable to the reduced parachute payments receivable from the Premier League compared to 2020/21. Costs relating to football player and team management wages also decreased. The Club strives to offer competitive remuneration packages to attract and maintain the calibre of playing and team management staff necessary to allow the Club to compete in the league, with the aim of achieving and maintaining Premier League status. The board of directors committed to a competitive level of remuneration for the 2021/22 season by issuing long term contracts to valuable players and sourcing other players by utilising the loan system to give the team the best possible chance of achieving its goals.

The Club recorded an operating loss of £48.7m (2021: £23.6m) which included a gain on disposal of intangible fixed assets in respect of player sales of £6.9m (2021: £55.8m).

The directors continue to maintain close control over cash flow and continue to develop and maintain policies with the aim of ensuring the Club is run in a sustainable and successful manner. These policies are seen as vital in order to keep control over all expenditure that the Club commits to in order to go some way to mitigating the risks arising from the inherent uncertainty over league status in the following season.

The Club sees retention of staff as a key ingredient to success. During the year there were no changes to key personnel in senior executive positions.

The net result of the above has been a loss before taxation of £55.5m (2021: profit of £17.1m) predominantly due to the drop in Premier League revenues and increase to player costs.

The directors consider the financial position of the Company to be satisfactory at 30 June 2022.

After the year end, the Company acquired ten players for a cost of £103.2m. On 29 September 2022 the Company extended the existing loan with Macquarie Bank Limited by £10 million from £3 million to provide short-term working capital. This element of the loan was secured against the January 2023 Premier League broadcast receivable and was repaid on 25 January 2023.

On 30 August 2022 the Club terminated the contract of Scott Parker from the post of Head Coach. On 26 November 2022 the Club appointed Gary O'Neil as permanent First Team Head Coach.

STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2022

Business review (continued)

On 8 October 2022 a Sales Purchase Agreement was signed, contingent on the outcome of the Premier League Owners and Directors test, leading to the transfer of shareholding of the Company to Turquoise Bidco Limited, a company controlled by Cannae Holdings Inc and William Foley. This transaction concluded successfully on 12 December 2022. On execution of the transaction funds via a new shareholder loan from Turquoise Bidco Limited of £89,779,000 were used to repay the same amount in loans due to A.FC.B. Enterprises Limited. Receipt of this amount was accepted as full and final settlement with all outstanding liabilities in excess of this amount due to A.FC.B. Enterprises Limited and Wintel Petrochemicals Limited fully discharged. The new shareholder loan from Turquoise Bidco Limited is interest free, unsecured and with a repayment date of 12 December 2032.

On 7 February 2023 the Company completed on a £30m credit facility to fund the development of the training facility at the Canford Magna site.

Section 172(1) statement

The revised UK Corporate Governance Code ('2018 Code') was published in July 2018 and applies to accounting periods beginning on or after January 1, 2019. The Companies (Miscellaneous Reporting) Regulations 2018 ('2018 MRR') require directors to explain how they considered the interests of key stakeholders and the broader matters set out in section 172(1) (A) to (F) of the Companies Act 2006 ('S172') when performing their duty to promote the success of the Club under S172. This includes considering the interest of other stakeholders which will have an impact on the long-term success of the Company. The board welcomes the direction of the UK Financial Reporting Council (the 'FRC'). This S172 statement, which is reported for the first time, explains how AFC Bournemouth Limited directors:

- have engaged with employees, suppliers, customers and others; and
- have had regard to employee interests, the need to foster the Company's business relationships with supporters, suppliers, customers and other, and the effect of those considerations, including on the principal decisions taken by the Company during the financial year.

The S172 statement focuses on matters of strategic importance to the Club, and the level of information disclosed is consistent with the size and the complexity of the business.

AFC Bournemouth's board oversees all aspects of the business and due to its relatively small size and proximity to senior management, is able to make decisions in fast timeframes and good faith, demonstrating efficiency and acting in the best interests of the Company's shareholder(s) and other stakeholders and in doing so have regards (among other matters) to:

A. "The likely consequences of any decision in the long term"

The directors understand the business and football sector in general and all relevant decisions consider the impact on the long-term success and sustainability of the football club. It is the aim of the Club to regularly compete in the Premier League and therefore its strategy is based around this ultimate goal.

B. "The interests of the Company's employees"

The directors place a lot of emphasis of the success of the Company in the hands of the employees, recognising that success comes when employees are happy, engaged and focused. The Company, as a responsible employer, aims to pay employees a competitive remuneration package as well as ensuring that the working environment is safe and comfortable. The directors therefore factor the implications of decisions on employees and the wider workforce where relevant.

C. "The need to foster the Company's business relationships with suppliers, customers and others"

The success of the Club requires strong mutually beneficial relationships with supporters, other customers and suppliers. The Club's fans and commercial supporters are central to the operations of the Company and the board believes that fostering these relationships is hugely important in the overall success of the business. Board members and other senior management personnel regularly take part in discussions with supporter representatives and other groups to ensure that the interests of AFC Bournemouth are fully aligned.

STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2022

Section 172(1) statement (continued)

D. "The impact of the Company's operations on the community and the environment"

The football club is a central point of the community and is a strong representation of the conurbation as a whole. Exposure given while participating in the Premier League has meant that the football club and brand is now known throughout the world. The directors understand this and make decisions to strive to ensure that the Club makes a positive contribution to the local community and environment. The Community Sports Trust operation is heavily involved with a huge amount of interaction with local schools and other initiatives and its activities are very important to the board and football club as a whole. The Club's Greenhouse Gas Emissions data can be found in the Directors' Report and the directors will monitor this output and strive to lessen impact on the environment where possible.

E. "The desirability of the Company maintaining a reputation for high standards of business conduct"

The Company aims to meet all external requirements of economic, environmental and social responsibility. The board oversees and approves education and compliance with requirements such as National Minimum Wage, Mandatory Gender Pay Gap, Modern Slavery Statements and The Criminal Finances Act and strives to make decisions to uphold best practice business operations.

F. "The need to act fairly as between members of the Company"

The Company currently has one shareholder, so this consideration is not applicable at this time.

Principal risks and uncertainties

Playing success remains a key risk affecting the Club, with the primary aim of achieving and maintaining Premier League status. During the 2021/22 financial year, the Club continued its philosophy of investment in staff and facilities with the focus on progression of playing and non-playing staff. The utilisation of increasingly advanced sports science and medical methodologies and more developed training techniques facilitated this mindset. As one of the smallest clubs in the top echelons of the English football pyramid in terms of stadium size and revenues, such improvements are seen as vital by management in order to continue to improve and differentiate.

The Club is also aware of the risk associated with reliance upon finance from its shareholder to fund operations. However, the directors are confident that this risk is minimal, based on the ongoing commitment from its investor and recent positive developments within the business, which demonstrate the successful outputs resulting from the investment.

Financial key performance indicators

Given the straightforward nature of the business, the Company's directors are of the opinion that analysis using KPIs is not necessary for an understanding of the development, performance, cash flow or financial position of the business.

The Strategic Report presented above is authorised by the Board on 22 February 2023 and signed on its behalf by:

N C Blake Director

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2022

The directors present their annual report and the audited financial statements of AFC Bournemouth Limited (the "Company" or "Club") for the year ended 30 June 2022.

Principal activities

The Company's principal activity is the operation of a professional football club and related commercial activities.

Results and dividends

The loss for the financial year amounted to £55.5m (2021: profit of £17.1m).

The directors do not recommend the payment of a dividend (2021: £Nil).

Directors

The directors who served during the year and up to the date of signing the financial statements, unless otherwise stated, were:

J A Mostyn (resigned 12 December 2022)

N Rothwell (resigned 12 December 2022)

R Seitz (resigned 12 December 2022)

N C Blake (appointed 7 December 2021)

W P Foley (appointed 12 December 2022)

Qualifying third party indemnity provisions

The directors have the benefit of an indemnity which is a qualifying third party indemnity provision as defined by Section 234 of the Companies Act 2006. The indemnity was in force throughout the last year and is currently in force.

Going concern

The directors consider it appropriate to adopt the going concern basis in preparing the financial statements. Further details underlying the adoption of this basis are given in note 2 to the financial statements.

Future developments

Since the year end the Club has invested in targeted recruitment of playing staff with the aim of competing at a high level and maintaining Premier League status at the end of the 2022/23 season and beyond.

Financial risk management

Credit risk

Credit risk relates primarily to the recoverability of trade debtors from commercial activities and cash held at bank. However, the Company monitors this closely and implements effective credit control procedures to reduce exposure to credit risk and monitors the financial stability of its bank and other financial institutions.

Liquidity risk

The Company is dependent on the financial support of its shareholder. To develop the Company's financial stability, the directors have continued to focus on operational efficiencies and to maximise cash inflow. In addition, the Club has effective procedures for budgeting and reporting, driving accuracy for decision making. It is also one of the Company's key priorities to ensure it meets its obligations to its creditors, through the monitoring of payment days and ensuring negotiated credit terms with suppliers are met.

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2022

Employee involvement

The Company's policy is to consult and discuss with employees, through unions, staff councils and at meetings, on matters likely to affect employees' interests.

Information of matters of concern to employees is given through information bulletins and reports which seek to achieve a common awareness on the part of all employees of the financial and economic factors affecting the Company's performance.

Equality

The Club is committed to providing an environment in which no employee, candidate, supporter or participant in club activities is subject to unlawful discrimination, either directly or indirectly, on the grounds of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion and belief, sex or sexual orientation.

To create conditions in which this goal can be realised, the Club is committed to identifying and eliminating unlawful discriminatory practices, procedures, and attitudes throughout the Club and in all its activities. The board and management expect staff to support this commitment and to assist in its realisation in all possible ways.

Further to this, the Club will strive to make itself, its environs, and its activities such that all individuals and groups will feel welcomed, comfortable and safe.

AFC Bournemouth Limited was awarded the Advanced Level of the Premier League Equality Standard in 2020 and is currently working to retain this highest award in the new Premier League Equality, Diversity & Inclusion Standard (PLEDIS). The PLEDIS is set around four themes, which have been designed to foster improvements in policy and practice in addition to behavioural and cultural change across all areas of the club:

- · Leadership and Commitment
- Promoting Equality, Diversity and Inclusion; Challenging and Preventing Discrimination
- Data, Insight and Delivery
- · Learning and Development

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2022

Greenhouse gas emissions

During the year, using the conversion factors recommended by the UK government, the Company has calculated its greenhouse gas emissions to be 667 tonnes (2021: 558 tonnes). This was calculated through collating data on all sources of energy usage that are controlled by the club, from fuel used in transportation and groundworks, to electricity and gas usage. The club's intensity ratio is 12.8 tonnes of CO2 per match played (2021: 9.1 tonnes).

UK and offshore

	2021-22	2020-21
Energy consumption used to calculate emissions: kWh	2,955,281	2,635,368
Emissions from combustion of gas tCO2e (Scope1)	214	199
Emissions from combustion of fuel for transport purposes tCO2e (Scope 1)	3	3
Emissions from business travel in rental cars, chartered flights or employee owned vehicles where company is responsible for purchasing the fuel tCO2e (Scope 3)	105	27
Emissions from purchased electricity tCO2e (Scope 2)	345	329
Total gross tCO2e based on above	667	558
Intensity ratio: tCO2e per football match	12.8	9.1

Year on year, comparisons of emissions should be viewed with the understanding that 2020/21 was a financial year heavily affected by Covid-19. The factor that the Company uses to calculate intensity ratio is the number of first team football matches played. Due to Covid-19 there were 61 matches in the 2020/21 financial year, some of which were delayed games from the 2019/20 football season. In comparison, the 2021/22 financial year saw 52 matches. In addition to this, Covid-19 guidelines led to the necessity for players to travel in larger/more vehicles than previously. The geography of away games is also a determining factor.

AFC Bournemouth Limited makes consistent effort to minimise greenhouse gas emissions through shared transport and encouragement and sourcing of energy efficient practices.

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2022

Statement of directors' responsibilities in respect of the financial statements

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law).

Under company law, directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for safeguarding the assets of the Company, and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are also responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006.

The directors are responsible for the maintenance and integrity of the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Directors' confirmations

In the case of each director in office at the date the Directors' Report is approved:

- so far as the director is aware, there is no relevant audit information of which the Company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Independent auditors

Under section 487(2) of the Companies Act 2006, PricewaterhouseCoopers LLP will be deemed to have been reappointed as auditors 28 days after these financial statements were sent to members or 28 days after the latest date prescribed for filing the financial statement with the registrar, whichever is earlier.

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2022

The financial statements and subsequent notes on pages 13 to 37 were approved by the Board of Directors on 22 February 2023 and signed on its behalf by:

N C Blake

Director

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF AFC BOURNEMOUTH LIMITED

Report on the audit of the financial statements

Opinion

In our opinion, AFC Bournemouth Limited's financial statements:

- give a true and fair view of the state of the Company's affairs as at 30 June 2022 and of its loss and cash flows for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report and financial statements (the "Annual Report"), which comprise: the Statement of Financial Position as at 30 June 2022; the Statement of Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the Company's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF AFC BOURNEMOUTH LIMITED (CONTINUED)

Strategic Report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the year ended 30 June 2022 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of director's responsibilities in respect of the financial statements, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and industry, we identified that the principal risks of non-compliance with laws and regulations related to the Premier League Profitability and Sustainability Rules, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the financial statements such as tax legislation and the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inappropriate extraction of cash from the business. Audit procedures performed by the engagement team included:

- Discussions with management throughout the year, as well as at year end. These discussions have included consideration of known or suspected instances of non-compliance with laws and regulations and fraud.
- Identifying and testing journal entries, in particular any journal entries posted with unusual account combinations, including to cash, or posted by senior management.
- Incorporating elements of unpredictability into the audit procedures performed, including analysis of supplier payments made throughout the year and target testing a sample of material round sum payments.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF AFC BOURNEMOUTH LIMITED (CONTINUED)

Use of this report

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not obtained all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the Company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

1. General information

AFC Bournemouth Limited (the "Company" or "Club") is a private company limited by shares registered and domiciled in England & Wales. The Company's principal activity is the operation of a professional football club and related commercial activities.

Its trading and registered office address is Vitality Stadium, Dean Court, Kings Park, Bournemouth, Dorset, England BH7 7AF. The Company registration number is 06632170.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared on a going concern basis, under the historical cost convention and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

There is a prior year restatement within the Statement of cash flows, as a result of the misclassification of the 'Impairment of tangible assets' within 'Sale of intangible assets'. The prior year has been restated to reclassify £1.771m from 'Sale of intangible assets' to 'Impairment/(reversal) of tangible assets'. As a result, net cash used in Operating activities has decreased from (£34,350,000) to (£32,579,000) and net cash used in Investing activities has increased from (£3,053,000) to (£4,824,000). There is no impact on the 'Cash and cash equivalents at the end of the financial year' and no other impact within the financial statements.

The following principal accounting policies have been applied consistently throughout the year:

2.2 Going concern

Despite the change in ownership, the Company remains dependent on financial support from its shareholders, including its ultimate controlling party, in order to remain a going concern. The Company's majority shareholder has committed to provide financial support to the Company for at least 12 months from the date of the signing of the Company's financial statements, in order for the Company to be able to meet its liabilities as they fall due and to realise the value of its assets. The directors have considered the Company's financial position, forecast cash flows and the availability of financial support from its shareholders and consider that it is appropriate to prepare the financial statements on a going concern basis.

2.3 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP.

Transactions and balances

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at rates of exchange ruling at the reporting date. Transactions in foreign currencies are translated into the functional currency at the rate ruling on the date of the transaction. Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of Comprehensive Income within 'finance income or costs'. All other foreign exchange gains and losses are presented in the Statement of Comprehensive Income within other operating expense.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

2. Accounting policies (continued)

2.4 Turnover

Turnover represents income receivable net of VAT, from football and related commercial activities. Match and season ticket turnover, as well as hospitality and events revenue types are all recognised as games are played and events are staged. The fixed element of Premier League and English Football League distributions is recognised over the duration of the football season whilst facility fees for live coverage or highlights are recognised when earned. Merit awards, including those from The Premier League, are accounted for only when they are mathematically achieved, as the football season progresses. Sponsorship and advertising income is recognised over the duration of the respective contracts. Shop merchandise is recognised at point of sale and fees receivable in respect of the loan of players are included in other income and recognised evenly over the period of the loan.

2.5 Operating leases: the Company as lessee

Rentals paid under operating leases are charged to the Statement of Comprehensive Income on a straight line basis over the lease term. Benefits received and receivable as an incentive to sign an operating leases are recognised on a straight line basis over the lease term.

2.6 Contingencies

Contingent liabilities are not recognised. Contingent liabilities arise as a result of past events when (i) it is not probable that there will be an outflow of resources or that the amount cannot be reliably measured at the reporting date or (ii) when the existence will be confirmed by the occurrence or non-occurrence of uncertain future events not wholly within the Company's control. Contingent liabilities are disclosed in the financial statements unless the probability of an outflow of resources is remote.

Contingent assets unless virtually certain are not recognised. Contingent assets are disclosed in the financial statements when an inflow of economic benefits is probable.

2.7 Interest income

Interest income relates to the effective interest on discounted long term player transfer fees due to the Club and are recognised in the Statement of Comprehensive Income.

2.8 Interest expense

Interest expense relates to the effective interest charge on discounted long-term player transfer fees and borrowings.

These items are charged to the Statement of Comprehensive Income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

2. Accounting policies (continued)

2.9 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in Statement of Comprehensive Income when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of Financial Position. The assets of the plan are held separately from the Company in independently administered funds.

Multi-employer pension plan

The Company is a member of a multi-employer plan. Where it is not possible for the Company to obtain sufficient information to enable it to account for the plan as a defined benefit plan, it accounts for the plan as a defined contribution plan.

Under the provisions of FRS 102 'Retirement Benefits' the Scheme is treated as a defined benefit multi-employer scheme as the Scheme's actuary has advised the participating employers that their share of the underlying assets and liabilities cannot be identified on a reasonable and consistent basis and, accordingly, no further disclosures are made under the provisions of FRS 102.

2.10 Current and deferred taxation

Tax is recognised in the Statement of Comprehensive Income except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Statement of Financial Position date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

2. Accounting policies (continued)

2.11 Intangible assets

Intangible assets are initially recognised at cost or fair value if the associated consideration is subject to extended payment terms. After recognition, under the cost model, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

All intangible assets are considered to have a finite useful life. If a reliable estimate of the useful life cannot be made, the useful life shall not exceed ten years.

The third party costs associated with players' registrations or extending their contracts, including agents' fees and levies payable to the Premier League, are capitalised and amortised, in equal installments, over the period of the respective players' contracts. Where a contract life is renegotiated the unamortised costs, together with the new costs relating to the contract extension, are amortised over the new contract period.

The single cash generating unit ("CGU") of the Company is the operation of the Company as a whole. An impairment charge is posted against the Company's intangible assets if it is determined that the carrying amount of the CGU is below the highest of its fair value less costs to sell and its value in use. The directors do not consider that it is possible to determine the value in use of an individual football player in isolation as that player, except in the case of sale or insurance recovery, cannot generate cash flows by themselves. While management does not consider any individual player can be separated from the single CGU there may be certain circumstances where a player is excluded from the CGU when it becomes clear that they will not play for the Club's first team again, for example following a career threatening injury or on being permanently removed from the first team squad for another reason. If such circumstances arise, the carrying value of the player is assessed against the Company's best estimate of the player's fair value less any costs to sell and an impairment charge is recorded in the Statement of Comprehensive Income reflecting any loss arising.

Under the conditions of certain transfer agreements, further fees will be payable to former clubs in the event of the purchased player concerned and/or the Club achieving a specified future event. Liabilities that are contingent on outcomes that are wholly determined by the Company, such as those dependent on the number of appearances by the player, are accounted for as trade creditors or accruals when the specified event has been achieved and capitalised to player registration costs. Other liabilities contingent on future events are provided for and capitalised to player registration costs when it becomes probable that the future event will occur.

Profits or losses on the sale of players represent the transfer fee receivable, net of any transaction costs, less the unamortised cost of the player's registration, signing on fees, termination fees and any other amounts due to the player under contractual terms. Consideration that is dependent on future events is only recognised when its receipt is virtually certain.

Website and software costs are amortised at a rate of 20% per annum.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

2. Accounting policies (continued)

2.12 Tangible assets

Tangible assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Freehold building - Asset not in use, useful life will be assessed by

management when in use.

Land and buildings leasehold

improvements

- Between 5% and 15% per annum

Land - Not depreciated

Plant, machinery and vehicles - Between 15% and 33% per annum Fixtures, fittings and equipment - Between 15% and 33% per annum

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Statement of Comprehensive Income.

2.13 Stocks

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to sell, after making due allowance for obsolete and slow-moving stocks. Any impairment loss is recognised immediately in the Statement of Comprehensive Income.

2.14 Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

2. Accounting policies (continued)

2.15 Financial instruments

The Company applies section 11 and 12 of FRS 102 in respect of recognition and measurement of financial instruments.

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties and loans from related parties. The Company has applied section 11 and 12 of FRS 102 in respect of recognition and measurement of financial instruments.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Comprehensive Income.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.16 Player remuneration

Remuneration of players is charged in accordance with the terms of the applicable contractual agreements and any discretionary bonus is recorded when there is a legal or contractual obligation.

Player signing-on fees represent a normal part of the employment cost of the player and as such are recorded in prepayments and charged to the Statement of Comprehensive Income evenly over the term of the contract, except in the circumstances of a player disposal. In that case, any remaining signing on fees due are allocated in full against the profit on disposal of the player's registration in the year in which the player disposal is made.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

3. Judgements in applying accounting policies and key sources of estimation uncertainty

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Critical accounting judgements in applying the Company's accounting policies

The directors consider that the critical judgements in applying the Company's accounting policies are:

- (i) Determination of a single cash generating unit ("CGU")
- As described in note 2.11 the single cash generating unit ("CGU") of the Company is the operation of the Company as a whole. With respect to intangible asset player registrations it is not considered possible to determine the value in use of an individual football player in isolation, other than in the exceptional circumstances described in note 2.11.
- (ii) Recognition of liabilities for contingent payments to players and players' former clubs. Under the conditions of certain transfer agreements in respect of players purchased, further transfer fees are payable to former clubs in the event of the purchased player concerned and the club achieving a specified future event. Liabilities contingent on outcomes that are wholly determined by the Company, such as those dependent on the number of appearances by the player, are accounted for as trade creditors or accruals when the specified event has been achieved. Other liabilities contingent on future events are accounted for, as provisions, when it becomes probable that the future event will occur. There are similar contingent contractual compensation arrangements with players and agents at the time of initial transfer or on subsequent contract renegotiation.
- (iii) Recognition of liabilities for Corporation Tax
- The Company has to make ongoing judgements regarding its tax position. Where a profit is forecast to be achieved during a financial period, an assessment needs to be carried out to understand if it can be relieved through various available offsets including utilising losses from prior years, other group companies and through other reliefs available. The Company will always seek the help of tax specialists when making these judgements. If it is considered that a tax payment will need to be made, after using all available measures to alleviate one, the Company will recognise a liability in its financial statements. This process involves estimates and judgements of income, expenditure and available reliefs in order to ascertain the most likely outcome. The Company has assessed that a claim for Intangible Asset Rollover Relief will be successful, in their judgement, based on the facts and circumstances in determining its tax liability and charge within the current year financial statements. The Directors are confident the claim will be successful given HMRC have confirmed that the claim time limits can be extended due to the impact of Covid -19 on the timings of the conclusion of 2019/2020 season and subsequent transfer windows.
- (b) The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that the directors consider have a risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below:
- (i) Assumptions in calculating the fair value of long term monetary assets and liabilities

 During the year the Company had an interest free fixed term loan and both trade debtors and creditors with extended payment terms. These are initially measured at the present value of their future cash flows and subsequently at amortised cost over the period of repayment. While the periods of repayment are determinable, an estimate of the interest rate to be used has to be made based on current market rates.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

4. Turnover

An analysis of turnover by class of business is as follows:

	2022 £000	2021 £000
Match and season ticket income	5,136	329
English football league and FA Cup income	4,948	5,397
Premier League income	37,886	62,166
Sponsorship and advertising	2,276	2,009
Hospitality and events	1,597	178
Shop merchandise	1,102	988
Other income	281	619
	53,226	71,686

All turnover arose within the United Kingdom.

5. Other operating income

	2022 £000	2021 £000
Other operating income	712	4,988

Within other operating income, £81,000 (2021: £1,840,000) relates to amounts received for players on loan at other clubs.

6. Operating (loss)/profit

The operating (loss)/profit is stated after charging/(crediting):

	2022	2021
	£000	£000
Depreciation of tangible assets	1,242	1,274
Amortisation of intangibles	29,786	35,946
Profit on disposal of players' registrations	(6,853)	(55,791)
Exchange differences	195	(330)
Operating lease rentals	788	867
Impairment (reversal)/impairment of tangible assets	(1,771)	1,771

The profit or loss on the disposal of players' registrations is the difference between the book value of the player's registration at the time of disposal and the net consideration received at the time. Consideration that is contingent on future events is only recognised when its receipt is virtually certain.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

9. Directors' remuneration

	2022 £000	2021 £000
Aggregate directors' remuneration Company contributions to defined contribution pension schemes	3,000 7	2,056 9
	3,007	2,065

During the year retirement benefits were accruing to 2 directors (2021: 2) in respect of defined contribution pension schemes.

The highest paid director received remuneration of £2,025,000 (2021: £1,884,000).

The value of the Company's contributions paid to a defined contribution pension scheme in respect of the highest paid director amounted to £2,000 (2021: £4,000).

The directors consider key management to be the statutory directors of the Company.

Refer to note 26 for further details in respect of related party transactions.

10. Interest receivable and similar income

		2022 £000	2021 £000
	Implied interest on trade debtors with extended terms	889	1,723

Adjustments to tax charge in respect of prior years	-	(121)
Deferred tax not provided	9,490	-
Total tax credit for the financial year		(121)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

12. Tax on (loss)/profit (continued)

Factors that may affect future tax charges

Changes to the UK corporation tax rates were substantively enacted as part of Finance Act 2021 (published on 24 May 2021, with royal assent received on 10 June 2021). This confirmed an increase to the corporation tax rate to 25% with effect from 1 April 2023. Deferred taxes at the Balance Sheet date have been calculated based on the corporation tax rate of 25% that is enacted at the reporting date.

Deferred tax assets and liabilities are attributable to the following:

Fixed assets	2022 £000 1,840	Assets 2021 £000 7,721	2022 £000 (1,840)	2021 £000 (7,721)	2022 £000 -	Totals 2021 £000
Total	1,840	7,721	(1,840)	(7,721)	-	-

The deferred tax liability is recognised as a result of the gain on disposal of the player registration costs within intangible assets during the prior year. The claim for Intangible Asset Rollover Relief has been successful. As a result of this claim, a deferred tax asset has been recognised during the year using previously unrecognised deferred tax losses, in order to fully offset the deferred tax liability, resulting in a nil deferred tax position at year end.

Unrecognised deferred tax asset

The Company has an unrecognised deferred tax asset of £35,620,000 (2021: £22,063,000). This deferred tax asset is made up of taxable losses of £34,811,000 (2021: £21,564,000), fixed assets of £278,000 (2021: £22,000) and other timing differences of £531,000 (2021: £521,000). The Company's deferred tax asset has not been recognised at 30 June 2022 and 30 June 2021 as the Company does not have a history of making taxable profits.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

13. Intangible assets

	Player registration costs £000	Website & Software £000	Total £000

At 30 June 2022	150,707	282	150,989
Accumulated amortisation			
At 1 July 2021	121,547	158	121,705
Charge for the year	29,731	55	29,786
On disposals	(55,498)	-	(55,498)
At 30 June 2022	95,780	213	95,993
Net book value			
At 30 June 2022	54,927	69	54,996
At 30 June 2021	77,043	115	77,158

During the year, agency costs relating to the acquisition of players were reassessed in light of the club's divisional status. When a player is acquired, or upon the signing of a contract extension, the club estimates future agency fees for the duration of that contract. In many cases, agency fees are a percentage of the relevant player's remuneration, which are in turn often affected by divisional status of the club. Therefore, as a result of changes to the club's divisional status, the club reassesses future agency costs and amends player historical cost as necessary. These amendments of £653,000 (2021: (£2,078,000)) make up the balance in the 'Other changes during the year' line of the above table, with relegations leading to a negative figure and promotions creating a positive value.

^{*}There is a prior year restatement of the opening cost and accumulated depreciation values disclosed within the tangible assets note, as a result of the misclassification of the 'Impairment of tangible assets'. The prior year has been restated to reclassify £1.771m from the cost disclosure to accumulated depreciation. There is no impact on the net book value disclosed as at 30 June 2021 and no other impact within the financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

15. Stocks

	2022 £000	2021 £000
Finished goods and goods for resale	259	235

The difference between purchase price of stocks and their replacement cost is not material.

There is no stock provision (2021: £Nil).

16. Debtors

	2022 £000	2021 £000
Trade debtors	17,776	38,073
Other debtors	309	2,735
Prepayments and accrued income	1,938	1,165
	20,023	41,973

Included in trade debtors are amounts in respect of football transfer fees due from former clubs and loan fees due from other football clubs. The undiscounted value of these is £17,276,000 (2021: £37,528,000), of which £5,412,000 (2021: £6,126,000) are due in more than one year.

There is no bad debt provision (2021: £Nil).

Included within trade debtors is £5,174,000 (2021: £5,830,000) due for payment in more than one year. Included within other debtors is £Nil (2021: £Nil) due for payment in more than one year. No amounts are due in more than five years.

17. Cash at bank and in hand

	2022 £000	2021 £000
Cash at bank and in hand	1,218	4,414

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

18. Creditors: amounts falling due within one year

	2022 £000	2021 £000
Bank loans	10,970	30,335
Trade creditors	16,023	30,851
Amounts owed to group undertakings	135,432	100,216
Taxation and social security	2,242	5,281
Other creditors	49	28
Accruals	19,578	7,320
Deferred income	5,021	2,880
·	189,315	176,911

Included in trade creditors are amounts due in respect of football transfer fees payable to former clubs and loan fees due to other football clubs. The undiscounted value of these due within one year is £14,323,000 (2021: £30,245,000).

All amounts owed to group undertakings are due to the shareholder, with the exception of £3,800,000 being the undiscounted amount owed to Wintel Petrochemicals Limited, a fellow group company with the same ultimate controlling party.

Amounts owed to group undertakings are interest free amounts owed to the Company's shareholder and Wintel Petrochemicals Limited. The undiscounted amounts owed to the Company's shareholder are partially repayable on demand (£33,137,000) and partially repayable in September 2022 (£99,775,000). After the year end, the repayment date for the loans due to be repaid to the shareholder in September 2022 was extended to September 2023. These loans are secured over the assets of the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

19. Creditors: amounts falling due after more than one year

	2022 £000	2021 £000
Bank loans	8,164	5,965
Trade creditors	3,657	13,741
Amounts owed to group undertakings	29,729	28,348
Accruals	3,851	5,329
	45,401 ———	53,383

Included in trade creditors are amounts due in respect of football compensation and loan fees due to other football clubs. The undiscounted value of these due after more than one year is £4,225,000 (2021: £14,689,000).

Amounts owed to group undertakings are interest free amounts owed to the Company's shareholder. These loans are repayable in January 2024. These loans are secured over the assets of the Company.

Bank loans include a £3,000,000 loan received during the year, provided by Macquarie Bank Limited, to fund the Academy training ground development. This loan is repayable in August 2024 and is secured against Premier League broadcast revenues.

No amounts have a specified repayment date falling due after more than five years.

20. Financial instruments

	2022 £000	2021 £000
Financial assets		
Financial assets that are debt instruments measured at amortised cost	18,894	40,990
Financial liabilities		
Financial liabilities measured at amortised cost	(227,452)	(222,133)

Financial assets measured at amortised cost comprise of trade debtors, other debtors and accrued income.

Financial liabilities measured at amortised cost comprise bank loans, amounts owed to group undertakings, trade creditors, other creditors and accruals.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

21. Other provisions

	Pension obligations £000
At 1 July 2021	62
New provision recognised	29
At 30 June 2022	91

The Club is advised of its share of the deficit in the defined benefit section of The Football League Pension and Life Assurance Scheme ("the Scheme"). The most recent valuation of the whole Scheme was as at 31 August 2021 and this reported a deficit for the whole Scheme of £19.4m. The Club's share of this deficit at 30 June 2022 is £153,195 (2021: £126,615).

22. Called up share capital

Shares classified as equity	2022 £000	2021 £000
Allotted and fully paid 20,860 (2021: 20,860) Preference shares of £1,000 (2021: £1,000) each 125,002 (2021: 125,002) Ordinary A shares of £1 (2021: £1) each 125,002 (2021: 125,002) Ordinary B shares of £1 (2021: £1) each	20,860 125 125	20,860 125 125
	21,110	21,110

The Ordinary A shares and Ordinary B shares rank pari passu in all respects.

The Preference shares entitle the holders to receive notice of all general meetings but do not entitle the holders to attend or vote at any general meeting or to participation in the profits or assets of the Company. On winding up or repayment of capital, holders of the Preference shares shall be entitled to repayment of the capital paid up in those shares. This payment will be made in priority to holders of Ordinary A shares or Ordinary B shares.

23. Contingent liabilities

Under the conditions of certain transfer agreements in respect of players purchased, further transfer fees are payable to former clubs in the event of the purchased player concerned and the Club achieving a specified future event. Liabilities contingent on outcomes that are wholly determined by the Company, such as those dependent on the number of appearances by the player, are accounted for as trade creditors or accruals when the specified event has been achieved. Other liabilities contingent on future events are accounted for, as provisions, when it becomes probable that the future event will occur. There are similar contingent contractual compensation arrangements with players and agents at the time of initial transfer or on subsequent contract renegotiation. The Company's contingent liability for these matters at 30 June 2022 is estimated to be £17,084,000 (2021: £8,255,000) of which £8,262,000 (2021: £4,217,000) are in respect of compensation on transfer and loan agreements with other football clubs and £8,822,000 (2021: £4,038,000) are in respect of compensation to players, 1st team management and agents.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

24. Pension commitments

The Company participates in a number of defined contribution pension schemes on behalf of certain employees. The assets of these schemes are held separately from those of the Company in independently administered funds. The charge for the year for schemes accounted for as defined contribution schemes was £392,000 (2021: £355,000).

25. Commitments under operating leases

At 30 June the Company had future minimum lease payments under non-cancellable operating leases as follows:

	2022 £000	2021 £000
Not later than 1 year	766	861
Later than 1 year and not later than 5 years	2,780	2,844
Later than 5 years	11,339	10,952
	14,885	14,657

26. Related party transactions

As at 30 June 2022 the Company owed its parent company A.FC.B. Enterprises Limited, a company registered in The British Virgin Islands, a non-interest bearing loan with a book and fair value of £161,568,000.

The value of the loans are £164,819,000 with discounting adjustments of £3,251,000 relating to an implied equity contribution, resulting in implied FRS 102 interest charged on the loans. This is due to no interest being payable on the loans and hence being below the Company's perceived external borrowing costs. The loans are secured over the assets of the Company. The loans are repayable as follows: £33,137,000 on demand, £99,775,000 in September 2022 and £31,907,000 in January 2024.

As at 30 June 2022 the Company was owed £Nil (2021: £Nil) from its ultimate controlling party.

As at 30 June 2022 the Company owed Wintel Petrochemicals Limited, a fellow group company with the same ultimate controlling party, a non-interest bearing loan with a book and fair value of £3,593,000.

The value of the loan is £3,800,000 with a discounting adjustment of £207,000 relating to an implied equity contribution, resulting in implied FRS 102 interest charged on the loan. This is due to no interest being payable on the loan and hence being below the Company's perceived external borrowing costs. The loan is secured over the assets of the Company. The loan is repayable in March 2023.

During the year, the Company sold tax losses to Wintel Petrochemicals Limited, a fellow group company with the same ultimate controlling party, for a consideration of £Nil (2021: £121,000).

The Company engaged Helix Fiduciary AG, Zurich, Switzerland, a Swiss based multi-family office, fiduciary and advisory firm under the control of two directors of AFC Bournemouth Limited, for consultancy work. This amounted to £600,000 of services supplied during the year.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

27. Events after the reporting period

Subsequent to 30 June 2022 the playing registrations of certain players were acquired for a total consideration, including associated costs, of £103,176,000.

There have been no player disposals since 1 July 2022.

On 30 August 2022 the Club terminated the contract of Scott Parker from the post of Head Coach. On 26 November 2022 the Club appointed Gary O'Neil as permanent First Team Head Coach.

On 29 September 2022 the Company extended the existing loan with Macquarie Bank Limited by £10 million from £3 million to £13 million in order to provide short term working capital. This element of the loan is secured against the January 2023 Premier League broadcast receivable and was repaid in January 2023.

On 8 October 2022 a Sales Purchase Agreement was signed, contingent on the outcome of the Premier League Owners and Directors test, leading to the transfer of shareholding of the Company to Turquoise Bidco Limited, a company controlled by Cannae Holdings Inc and William Foley. This transaction concluded successfully on 12 December 2022. On execution of the transaction funds via a new shareholder loan from Turquoise Bidco Limited of £89,779,000 were used to repay the same amount in loans due to A.FC.B. Enterprises Limited. Receipt of this amount was accepted as full and final settlement with all outstanding liabilities in excess of this amount due to A.FC.B. Enterprises Limited and Wintel Petrochemicals Limited fully discharged. The new shareholder loan from Turquoise Bidco Limited is interest free, unsecured and with a repayment date of 12 December 2032.

On 25 January 2023 the Company repaid a £10 million loan to Macquarie Bank Limited.

On 7 February 2023 the Company completed on a £30 million credit facility to fund the development of the training facility at the Canford Magna site.

28. Ultimate parent undertaking and controlling party

During the year the immediate parent company of the Company was A.FC.B. Enterprises Limited, a company registered in The British Virgin Islands. The ultimate parent company during the year was Fortina Enterprises Limited, a company registered in The British Virgin Islands.

During the year the ultimate controlling party was Mr. M Demin.

Refer to note 27 for details of the Sales Purchase Agreement signed 8 October 2022.
