Group Strategic report

The directors present their strategic report and financial statements of The Liverpool Football Club and Athletic Grounds Limited (“the Club” or “Company”) and its subsidiaries (together “the Group”) for the year ended 31 May 2018.

The entity is preparing consolidation accounts for the first time including the results of its subsidiaries, having previously taken permitted exemption under the Companies Act.

Principal activities

The Company is a wholly owned subsidiary of UKSV Holdings Company Limited, a company incorporated in the United Kingdom.

The Company’s principal activity during the year continued to be those of a professional football club and related activities.

Strategy

The four key elements of the Group’s strategy are to:

- Improve football performance through a positive playing style and strategic player investment;
- Improve the scouting and player recruitment process;
- Improve the fan experience and interaction with the Club; and
- Leverage the Club’s global following to deliver profitable revenue growth.

Review of the business

Profit and Loss Account

Turnover for the year ended 31 May 2018 was £455.1 million (2017: £364.5 million).

Media revenue for the year ended 31 May 2018 was £220.1 million (2017: £154.4 million). The increase mainly related to additional amounts received from UEFA as a result of qualifying for the UEFA Champions League competition and progressing through to the Final. The Club did not participate in any European competitions in the 2016/17 season.

Match day revenue for the year ended 31 May 2018 was £80.7 million (2017: £73.5 million). The increase was mainly as a result of the Club’s participation and successful progression in the UEFA Champions League in season 17/18.

Commercial revenue for the year ended 31 May 2018 was £154.3 million (2017: £136.6 million). The increase mainly related to higher sponsorship, merchandising & catering revenue.

Administrative expenses for the year ended 31 May 2018 were £405.3 million (2017: £320.2 million). The increase mainly related to higher salary and overhead costs as a result of progressing to the Final of the UEFA Champions League competition and there was also an increase in player registration amortisation costs during the period.

The profit on the disposal of player registrations for the year ended 31 May 2018 was £123.9 million (2017: £38.3 million).

Interest payable for the year ended 31 May 2018 was £7.6 million (2017: £6.7 million).

The profit before taxation for the year ended 31 May 2018 was £125.1 million (2017: £39.6 million).

Group Strategic report *(continued)*

Review of the business *(continued)*

Balance Sheet

Intangible fixed assets have increased from £172.4 million at 31 May 2017 to £275.8 million at 31 May 2018. The main element of this is the player registration movement from a net book value of £168.3 million at 31 May 2017 to £273.0 million at 31 May 2018. This is as a result of player acquisitions of £195.2 million offset by the net book value of disposals of £13.2 million, impairment of £0.2 million and amortisation of £77.1 million.

There has been a decrease in other intangible assets of £1.3 million in relation to the amortisation of goodwill.

Tangible fixed assets have increased from £169.6 million at 31 May 2017 to £176.5 million at 31 May 2018.

Net bank debt after deferred loan costs has decreased by £22.9 million from £67.7 million at 31 May 2017 to £44.8 million at 31 May 2018.

Intercompany debt has decreased by £10.0 million from £109.9 million at 31 May 2017 to £99.9 million at 31 May 2018.

On the football pitch the Club finished fourth in the Premier League and reached the final of the UEFA Champions League.

Key performance indicators

The principal key performance indicators for the financial year were as follows:

Non-financial

- Performance against target of continued qualification for the Champions League
- Attendance versus capacity
- Performance of all squads

Financial

- Revenue
- Payroll costs
- EBITDA (Earnings before interest, tax, depreciation and amortisation)
- Cash flow
- Player trading
- Capital expenditure

Group Strategic report *(continued)*

Principal risks and uncertainties

The Board acknowledges there are risks that affect the Group and action is taken to minimise the risks. The directors consider the principal risks and uncertainties associated with running a professional football Club such as Liverpool Football Club to be the player transfer market and wage levels, attendance levels, and revenues from broadcasting contracts and football competitions. An area of focus is the player transfer market and wage costs, and the aim is to manage these costs within financial constraints, whilst remaining as competitive as possible. Development of the Club's commercial revenue continues, and the Board is mindful that continued success on the field is paramount to this development. Regular meetings are held internally at the Club on the latest risks and financial and commercial issues, including health and safety updates.

Financial risk management objectives and policies

An explanation of the Group's exposure to liquidity and cash flow risk, currency risk and credit risk is given in note 19 of the financial statements.

By order of the board

Andrew Hughes
Director

Anfield Road
Liverpool

Group Directors' report

The directors present their directors' report and financial statements of The Liverpool Football Club and Athletic Grounds Limited (the "Company") and its subsidiaries (together "the Group") for the year ended 31 May 2018.

Results and dividend

The Consolidated Group Profit and Loss Account on page 10 shows a profit before taxation for the year of £125.1 million (2017: £39.6 million). The directors do not recommend the payment of a dividend (2017: nil).

Directors

The directors who held office during the year were as follows:

J Henry
T Werner
M Gordon
P Moore (Appointed 1st September 2017)
M Egan
K Dalglish
A Hughes

Directors benefit from qualifying third-party indemnity provisions in place during the financial period and at the date of this report.

Going concern

The Group's business activities, together with the factors likely to affect its future development, performance and position are set out in the Group strategic report on pages 1 to 3, as are the financial position of the Group and its borrowing facilities.

The Group has a credit facility that matures 11 September 2020. The Group's forecasts and projections show that the Group should be able to operate within the level of this facility and meet its obligations as they fall due in the foreseeable future.

Notwithstanding the net current liability position of £120.8 million at year end, the directors have a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future and they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Post balance sheet events

Details of post balance sheet events are given in note 25 of the financial statements.

Employees

Within the bounds of commercial confidentiality, the Group endeavours to keep staff at all levels informed of matters that affect the progress of the Group and are of interest to them as employees.

The Group operates an equal opportunities policy. The aim of this policy is to ensure that there should be equal opportunity for all and this applies to external recruitment, internal appointments, terms of employment, conditions of service and opportunity for training and promotion regardless of gender, ethnic origin or disability.

Group Directors' report *(continued)*

Employees *(continued)*

Disabled persons are given full and fair consideration for all types of vacancy in as much as the opportunities available are constrained by the practical limitations of the disability. Should, for whatever reason, an employee of the Group become disabled whilst in employment, every step, where appropriate, will be taken to assist with rehabilitation and suitable re-training. The Group maintains its own health, safety and environmental policies covering all aspects of its operations.

Regular meetings and inspections take place to ensure all legal requirements are adhered to and that the Group is responsible for the needs of the employees and the environment.

Disclosure of information to auditor

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Group's auditor is unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Group's auditor is aware of that information.

Auditor

Pursuant to Section 485 of the Companies Act 2006, Ernst and Young LLP were appointed auditors during the financial period.

By order of the board

Andrew Hughes
Director

Anfield Road
Liverpool

Statement of directors' responsibilities in respect of the annual report and the financial statements

The directors are responsible for preparing the strategic report, director's report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the company financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view state of affairs of the Group and parent company and of the profit or loss for the Group and company for that period. In preparing each of the Group and parent company financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group and the parent company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the parent company's transactions and disclose with reasonable accuracy at any time the financial position of the parent company and enable them to ensure that its financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

Independent auditor's report to the members of The Liverpool Football Club and Athletic Grounds Limited

Opinion

We have audited the financial statements of The Liverpool Football Club and Athletic Grounds Limited ('the parent company') and its subsidiaries (the 'group') for the year ended 31 May 2018 which comprise the Consolidated Profit and Loss Account and Other Comprehensive Income, Consolidated Balance Sheet, Company Balance Sheet, Consolidated Statement of Changes in Equity, Company Statement of Changes in Equity, Consolidated Statement of Cash Flows and the related notes 1 to 26, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland

In our opinion, the financial statements:

- give a true and fair view of the group's and of the parent company's affairs as at 31 May 2018 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report below. We are independent of the group and parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you were:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's or the parent company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

Independent auditor's report to the members of The Liverpool Football Club and Athletic Grounds Limited *(continued)*

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Independent auditor's report to the members of The Liverpool Football Club and Athletic Grounds Limited *(continued)*

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes

(forming part of the financial statements)

1 Accounting policies

The Liverpool Football Club and Athletic Grounds Limited (the "Company") is a company limited by shares and incorporated and domiciled in the UK.

These Group and parent company financial statements were prepared in accordance with Financial Reporting Standard 102 *The Financial Reporting Standard* applicable in the UK and Republic of Ireland ("*FRS 102*") as issued in August 2014. The presentation currency of these financial statements is sterling. All amounts in the financial statements have been rounded to the nearest £1,000.

The following exemptions have been taken in these financial statements:

- Business combinations – Business combinations that took place prior to 1 June 2014 have not been restated.
- Separate financial instruments – carrying amount of the Company's cost of investment in subsidiaries is its deemed cost at 1 June 2014.
- Lease incentives – for leases commenced before 1 June 2014 the Group and Company continued to account for lease incentives under previous UK GAAP.

The parent company is included in the consolidated financial statements and is considered to be a qualifying entity under FRS 102 paragraphs 1.8 to 1.12. The following exemptions available under FRS 102 in respect of certain disclosures for the parent company financial statements have been applied:

- No separate parent company Statement of Cash Flows with related notes is included; and
- The disclosures required by FRS 102.11 Basic Financial Instruments and FRS 102.12 Other Financial Instrument Issues in respect of financial instruments not falling within the fair value accounting rules of Paragraph 36(4) of Schedule 1.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Judgements made by the management, in the application of these accounting policies that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in note 26.

1.1 Measurement convention

The financial statements are prepared on the historical cost basis except that the long term player debtors and player creditors are measured at the present value of future receipts and payments discounted at a market rate of interest for a similar debt instrument. In addition, derivative financial instruments are stated at their fair value.

1.2 Going concern

The Group has a credit facility that matures 11 September 2020. The Group's forecasts and projections show that the Group should be able to operate within the level of this facility and meet its obligations as they fall due in the foreseeable future.

Notwithstanding the net current liability position of £120.8 million at year end, the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future and they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Notes (continued)

1 Accounting policies (continued)

1.3 Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiary undertakings made up to 31 May 2018. A subsidiary is an entity that is controlled by the parent. The results of subsidiary undertakings are included in the consolidated Profit and Loss Account from the date that control commences until the date that control ceases. Control is established when the Company has the power to govern the operating and financial policies of an entity so as to obtain benefits from its activities. In assessing control, the Group takes into consideration potential voting rights that are currently exercisable.

Under Section 408 of the Companies Act 2006 the Company is exempt from the requirement to present its own Profit and Loss Account.

1.4 Foreign currency

Transactions in foreign currencies are translated to the Group companies' functional currency at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated to the functional currency at the foreign exchange rate ruling at that date. Foreign exchange differences arising on translation are recognised in the Profit and Loss Account.

1.5 Classification of financial instruments issued by the Group

The Group uses foreign exchange contracts to manage foreign currency risk impacting assets and liabilities due at a future date. These derivative financial instruments are recognised at fair value.

The Group accounts for certain foreign currency contracts as cash flow hedges. The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income. Any ineffective portion of the hedge is recognised in the Profit and Loss Account.

The Group also uses foreign exchange contracts to mitigate foreign currency risks that are not designated as cash flow hedges. The gain or loss on re-measurement to fair value of these contracts is recognised in the Profit and Loss Account.

1.6 Basic financial instruments

Trade and other debtors / creditors

Trade and other debtors/creditors are recognised initially at transaction price less/plus attributable transaction costs. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate of interest for a similar debt instrument.

A financial asset not carried at fair value is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

The carrying amounts of the entity's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Interest-bearing borrowings

Interest-bearing borrowings are recognised initially at the present value of future payments discounted at a market rate of interest. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost using the effective interest method, less any impairment losses.

Notes (continued)

1 Accounting policies (continued)

1.6 Basic financial instruments (continued)

Cash and cash equivalents

Cash and cash equivalents comprise cash balances. Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are included as a component of cash and cash equivalents for the purpose only of the Consolidated Statement of Cash Flows.

1.7 Other financial instruments

Financial instruments not considered to be Basic financial instruments (Other financial instruments)

Other financial instruments not meeting the definition of Basic Financial Instruments are recognised initially at fair value. Subsequent to initial recognition other financial instruments are measured at fair value with changes recognised in the Profit or Loss Account except as hedging instruments in a designated hedging relationship shall be recognised as set out below.

Derivative financial instruments and hedging

Derivative financial instruments are recognised at fair value. The gain or loss on re-measurement to fair value is recognised immediately in the Profit or Loss Account. However, where derivatives qualify for hedge accounting, recognition of any resultant gain or loss depends on the nature of the item being hedged.

Cash flow hedges

Where a derivative financial instrument is designated as a hedge of the variability in cash flows of a recognised asset or liability, or a highly probable forecast transaction, the effective part of any gain or loss on the derivative financial instrument is recognised directly in other comprehensive income. Any ineffective portion of the hedge is recognised immediately in the Profit or Loss Account.

For cash flow hedges, where the forecast transactions resulted in the recognition of a non-financial asset or non-financial liability, the hedging gain or loss recognised in Other Comprehensive Income is included in the initial cost or other carrying amount of the asset or liability. Alternatively, when the hedged item is recognised in the Profit or Loss Account the hedging gain or loss is reclassified to the Profit and Loss Account. When a hedging instrument expires or is sold, terminated or exercised, or the entity discontinues designation of the hedge relationship, but the hedged forecast transaction is still expected to occur, the cumulative gain or loss at that point remains in equity and is recognised in accordance with the above policy when the transaction occurs. If the hedged transaction is no longer expected to take place, the cumulative unrealised gain or loss recognised in equity is recognised in the Profit and Loss Account immediately.

1.8 Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses. Tangible fixed assets include investment property whose fair value cannot be measured reliably without undue cost or effort.

Where parts of an item of tangible fixed assets have different useful lives, they are accounted for as separate items of tangible fixed assets, for example land is treated separately from buildings.

Depreciation is provided on the cost of fixed assets appropriate to their estimated useful lives as follows:

Freehold/long leasehold buildings	2% - 20%	Stands, fixtures, fittings and equipment	2% - 33%
Youth Academy	2%	Motor vehicles	20%
Training Ground	2%	Computers	25%

Land is not depreciated. All other classes of tangible fixed assets are depreciated on a straight line basis at the rates stated above, except for fixtures, fittings and equipment which are depreciated using the reducing balance method. The historical cost of the existing stadium is included under the heading "stands, fixtures, fittings and equipment".

Notes (continued)

1 Accounting policies (continued)

1.8 Tangible fixed assets (continued)

Assets under construction are not depreciated until they are available for use, at which point they are transferred into the relevant category of fixed assets.

Depreciation methods, useful lives and residual values are reviewed if there is an indication of a significant change since last annual reporting date in the pattern by which the Company expects to consume an asset's future economic benefits.

The carrying amounts of the Group's assets are reviewed for impairment when events or changes in circumstances indicate that the carrying amount of the fixed asset may not be recoverable. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised in the Profit and Loss Account whenever the carrying amount of an asset exceeds its recoverable amount.

1.9 Intangible assets, goodwill and negative goodwill

Goodwill

Goodwill is stated at cost less any accumulated amortisation. Goodwill is allocated to cash-generating units or group of cash-generating units that are expected to benefit from the synergies of the business combination from which it arose.

Goodwill is amortised over its estimated useful life of 20 years and is reviewed annually for impairment. The useful life has been arrived at by considering the longevity of the club, the nature and longevity of the market place and long term financial forecasts. The Group reviews the amortisation period and method when events and circumstances indicate that the useful life may have changed since the last reporting date

Other intangible assets – player registrations

The costs associated with the acquisition of players' registrations are capitalised as intangible fixed assets. These costs are fully amortised in equal instalments over the period of players' individual contracts. Where a player's contract is extended beyond its initial period, amortisation is calculated over the period of the extended contract from the date on which it is signed.

The profit or loss on disposal of a player's registration is calculated as the difference between the transfer fee recovered/receivable less the net book value at the date of sale and less any direct costs of the transfer. Future receipts of transfer fees based on the transferred player or the buying club meeting certain performance criteria in the future are recognised when the criteria are met. Future payments of transfer fees based on performance criteria are recognised when the criteria are met.

Intangible assets are tested for impairment in accordance with Section 27 Impairment of assets when there is an indication that an intangible asset may be impaired.

1.10 Signing on fees

Signing on fees are charged evenly, as part of the administrative expenses, to the Profit and Loss Account over the period of the player's contract. Where a player's registration is transferred any signing on fees payable in respect of future period are charged against the profit/loss on disposal of players' registrations in the period in which the disposal is recognised.

1.11 Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost is based on the first-in first-out principle and includes expenditure incurred in acquiring the stocks and other costs in bringing them to their existing location and condition.

Notes (continued)

1 Accounting policies (continued)

1.12 Pensions

Defined contribution plans and other long term employee benefits

The Group operates its own defined contribution scheme which is managed by Legal and General Group Plc. Contributions are also paid to individuals' private pension schemes. Pension contributions are charged to the Profit and Loss Account as they become payable.

The Group continues to make contributions in respect of its share of the deficit of the defined benefit section of The Football League Limited Pension and Life Assurance Scheme (the 'Scheme'). Accrual of benefits on a final salary basis was suspended with effect from 31 August 1999, when an actuarial review showed a substantial deficit. As one of a number of participating employers the Group is advised only of its share of the Scheme's deficit and recognises a liability in respect of this. As a result, the contributions paid to the scheme reduce the provision. The Group is unable to identify its share of the underlying assets and liabilities of the scheme on a consistent and reliable basis and therefore, accounts for the scheme as if it were a defined contribution scheme.

1.13 Provisions

A provision is recognised in the balance sheet when the entity has a present legal or constructive obligation as a result of a past event, that can be reliably measured, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognised at the best estimate of the amount required to settle the obligation at the reporting date.

1.14 Turnover

Turnover represents income receivable from the Group's principal activities and is exclusive of value added tax and transfer fees. Match day receipts are stated after percentage payments to The Football Association, the Football League and visiting clubs. Revenue from this source is recognised over the course of the football season as games are played. Sponsorship and similar commercial income is recognised over the duration of the respective contracts. Income arising from the fixed element of broadcasting revenue is recognised over the duration of the playing season. Facility fees (non-fixed element of broadcasting revenue) which relate to live coverage or highlights of games are recognised as games are played. Revenue arising from participation in European competitions is recognised as matches are played and is classified as match day income and media income as appropriate.

Turnover relating to retail and mail order consists of the amounts receivable for goods supplied by the Group to customers, excluding value added tax. Mail order sales are recognised on delivery to the customer.

Notes (continued)

1 Accounting policies (continued)

1.15 Expenses

Operating lease

Payments (excluding costs for services and insurance) made under operating leases are recognised in the Profit and Loss Account on a straight-line basis over the term of the lease unless the payments to the lessor are structured to increase in line with expected general inflation; in which case the payments related to the structured increases are recognised as incurred. Lease incentives received are recognised in the Profit and Loss Account over the term of the lease as an integral part of the total lease expense.

Interest receivable and Interest payable

Interest payable and similar charges include interest payable on loan and overdraft, notional interest expense on deferred payments for player registrations, and net foreign exchange losses that are recognised in the Profit and Loss Account (see foreign currency accounting policy). Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that takes a substantial time to be prepared for use, are capitalised as part of the cost of that asset.

Interest receivable and similar income include interest receivable on cash held at bank, notional interest on deferred receipts for sale of players' registrations and net foreign exchange gains.

Interest income and interest payable are recognised in the Profit and Loss Account as they accrue, using the effective interest method.

1.16 Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the Profit and Loss Account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. Timing differences are not provided for differences relating to investments in subsidiaries, to the extent that it is not probable that they will reverse in the foreseeable future and the reporting entity is able to control the reversal of the timing difference. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.

Deferred tax is provided in respect of the additional tax that will be paid or avoided on differences between the amount at which an asset (other than goodwill) or liability is recognised in a business combination and the corresponding amount that can be deducted or assessed for tax. Goodwill is adjusted by the amount of such deferred tax.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date. Deferred tax balances are not discounted.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Notes (continued)

2 Turnover

	2018 £000	2017 £000
By activity:

Terms and debt repayment schedule

Group and Company	Nominal interest rate	Year of maturity	Repayment schedule	2018 £000	2017 £000
Secured bank loan	1.73%	2020	Revolver	56,000	73,000
Intercompany loan – stadium loan	2.44%	N/A	On demand	99,919	109,909
				<u>155,919</u>	<u>182,909</u>

The Group has a £150.0 million revolving credit facility that is available for general corporate purposes including working capital and letters of credit and matures in September 2020.

The £99.9 million (2017: £109.9 million) due to group undertaking at 31 May 2018 represented an intercompany creditor with the Club's UK holding Company, UKSV Holdings Company Limited. This intercompany loan has been provided to fund the stadium expansion work.

19 Financial instruments (continued)

19 (b) Financial instruments measured at fair value

Financial risk management

The Group's activities expose it to a variety of financial risks: market risks (including currency risk and interest rate risk), credit risk and liquidity risk. The Group uses derivative financial instruments to hedge certain exposures, and has designated certain derivatives as hedges of cash flows (cash flow hedge).

The policy for each of the above risks is described in more detail below:

Currency risk

Where currencies other than sterling are used, the Group looks at natural hedges in the business, and enters hedging arrangements where appropriate. The fair value of foreign currency contracts is based on their listed market price, if available. If a listed market price is not available, then fair value is estimated by discounting the difference between the contractual forward price and the current forward price for the residual maturity of the contract using a risk-free interest rate (based on government bonds).

Interest rate risk

The Group has no significant interest bearing assets other than cash on deposit which attracts interest at a small margin above the UK base rates.

The Group's interest rate risk arises from its borrowings. Borrowings issued at variable interest rates expose the Group to cash flow interest rate risk. The Group's borrowings are denominated in pounds sterling.

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. Credit risk is managed on a Group basis and arises from cash and cash equivalents and trade and other receivables (excluding receivables from parent undertakings and prepayments).

The maximum exposure risk relates to football debtors but this is mitigated by the governing bodies of international and national football associations.

Credit evaluations are performed on all customers requiring credit over a certain amount. The maximum credit risk exposure of the Group comprises the amounts presented in the balance sheet which are stated net of provisions for doubtful debts.

Liquidity risk

The Group's policy is to maintain a balance of continuity of funding and flexibility through the use of its secured loan facility. The annual cash flow is cyclical in nature with a significant portion of cash inflows being received prior to the start of the playing season. Responsibility for liquidity risk management rests with management. The management use predictive financial models to constantly monitor and manage current and future liquidity.

19 Financial instruments (continued)

19 (c) Hedge accounting

The following table indicates the periods in which the cash flows associated with cash flow hedging instruments are expected to occur and will affect profit and loss as required by FRS 102.29(a) for the cash flow hedge accounting models.

	Carrying amount £000	Expected cash flows £000	2018 1 year or less £000	Carrying amount £000	Expected cash flows £000	2017 1 year or less £000
Forward exchange contracts:						
Liabilities	-	-	-	11,332	11,639	11,639
	-	-	-	11,332	11,639	11,639

There are no impacts to cash flows or profit and loss after one year.

Where possible and depending on the payment profile of transfer fees payable and receivable the Group will seek to hedge future payments and receipts at the point it becomes reasonably certain that the payments will be made or the income will be received.

20 Operating leases

Non-cancellable retail and office operating lease rentals are payable as follows:

	2018 £000	2017 £000
Less than one year	1,740	2,008
Between one and five years	1,728	3,119
More than five years	134	364
	3,602	5,491

During the year £2.6 million was recognised as an expense in the Profit and Loss Account in respect of operating leases (2017: £2.4 million).

21 Commitments

Capital commitments

Contractual commitments to purchase tangible fixed assets at the year-end were £5.8 million (2017: £11.5 million).

Notes (continued)

22 Contingencies

Under the terms of certain contracts for the acquisition of players' registrations, future transfer fees may be payable of £38.2 million (2017: £18.5 million). In addition, there are £3.0 million (2017: £2.6 million) of other contingent liabilities at the year end. In accordance with the Group's accounting policy for transfer fees any additional fees which may be payable under these agreements, will be accounted for in the year that it becomes probable that the condition is fulfilled. Since the year end £2.0 million have crystallised.

Under the terms of certain contracts for the sale of players' registrations, future amounts may be received by the Club. As at 31 May 2018 the maximum amount that could be received is £35.7 million (2017: £19.2 million). Since the period end £0.2 million have crystallised.

23 Related parties

Transactions with related parties are limited to those companies that are wholly owned within the wider group and as such are exempt from disclosure.

24 Ultimate parent company and parent company of larger group

The ultimate parent Company and controlling party is N.E.S.V. I, LLC (also known as Fenway Sports Group), a company incorporated in the United States of America.

The largest group in which the results of the Company are consolidated is that headed N.E.S.V. I, LLC. The smallest group in which the results of the Company are consolidated is that headed by UKSV Holdings Company Limited incorporated in the United Kingdom.

The consolidated financial statements of UKSV Holdings Company Limited are available to the public and may be obtained from the Registrar of Companies, Companies House, Crown Way, Cardiff, CF14 3UZ.

25 Subsequent events

Since the end of the financial period, the Club has contracted for the purchase and sale of various players. The net amount payable resulting from this activity is £181.2 million. This activity will be accounted for in the year ending 31 May 2019.

The cumulative effect on the Profit and Loss Account since the period end in relation to the profit on sales of players is a £18.1 million profit.

26 Accounting estimates and judgements

Valuation of players' registrations

The recoverability of the squad value is considered in accordance with the accounting policy as described in note 1. The key sources of estimation uncertainty relate to which players are included within the first team squad for cash-generating unit purposes, in addition to the assumed market value of individual player registrations. This is subject to fluctuations in the wider transfer market. Management make their assessment based on internal and external sources, such as recent comparable transfers or offers received for those player registrations.
